

DENCHI
ADVISORY

Energy for your success!

Denchi Advisory Co., Ltd.

► About our company

Denchi Advisory Co., Ltd.) (Denchi) is one of the leading consulting companies which endeavor to provide comprehensive business and tax services to both domestic and foreign companies. We mainly focus on Japanese enterprises.

Our company name “ Denchi” entails our vision of passing on knowlege and shareing success, in the hope of helping our clients to achieve common success.

The constantly changing PRC tax and regulatory rules and a variety of government/authority's requirements have imposed great challenge for foreign invested companies in terms of potential taxation, customs, foreign exchange control risk.

Meanwhile, minimizing costs and ensuring the compliance are also critical issues for enterprise.

Denchi aims to help enterprises to mitigate potential risks and costs in taxation, Customs and foreign exchange via our professional knowledge and experiences, in order to assist enterprises to be able to solely focus on their main business and operations.

➤ CTAC Group

Denchi is one of the main member firms of China Tax Advisory Company Group ("CTAC Group").

CTAC Group is an organization comprised of various member firms and organizations in Beijing, Shanghai, Guangzhou, Shenzhen, Tokyo, Seoul, Singapore, San Francisco etc., which engages in providing high-quality tax and business advisory services and strived to become one of the leading tax and consulting organizations.

Yukang Wang

Mr. Wang is a senior partner of CTAC and has more than 20 years' practical experience in tax area. He was former Deputy Director of International Tax Department of State Administration of Taxation (SAT), the executive member of Institute of Financial Accountants, the economics advisor for Beijing Olympic Games Committee, and the deputy Secretary General of China Certified Tax Agents Association.

When held the position as the Deputy Director of International Tax Department in SAT, he was mainly in charge of international tax cooperation, tax treaties, exchange of tax information, international tax anti-avoidance and advanced pricing agreements (APA), where he took the lead and participated in discussion and stipulation of important regulations and policies.

Ning Song

Mr. Song is a senior partner of CTAC and is a CTA certified member, and the holder of a LL.M in Taxation and Master Diploma of Economics. He is council member of China CTA Committee and China Fiscal-Tax Law Institute.

Mr. Song is specializes in TP audit defense, TP planning, and APA. He has ten years of extensive experience in the provision of international tax and transfer pricing services to a large number of multinational enterprises and red-chip listed companies.

► Our Business Vision

► Assist our clients in solving their problems

► Provide quality services with reasonable fee quotes

► Customize service in order to meet client's needs

► Provide inspiring services

► Never promote services that our clients do not need

We are different

Denchi was founded by three distinguished professionals who ever worked in big four accounting firms.

Among who, Mr. Richard WANG is a certified CICPA, once worked in one of the leading accounting firms as senior manager.

Mr. Wang has more than 10-year working experiences in providing advisory services, including providing advisory services to the headquarter of Japanese companies while working in Japan, and also to hundreds of Japanese companies with investments in PRC.

- Quality services with reasonable price

Our vision is to provide the high-quality service within the industry and also tries to lower the advisory cost for the benefit of our clients.

- Elite team

Our team members have excellent professional knowledge, sufficient Japanese skills and in-depth understanding about Japanese enterprise culture.

- Exceptional services

We also have Chinese experts who excel in Japanese and Japanese enterprise culture. They can reduce the cost and time in communication as they can directly communicate with Japanese clients.

► Organization Restructuring

Enterprises reorganizations includes new company setup, alteration, share transfer, asset transfer, merging and acquisition, liquidation, that may involve various financial problems, taxation issues, legalization, compliance, integration and human resources concerns.
